Ward Meetings To-Night!

The Sport men of the city met to-night in the several Wards to elect three Delegates from each to the County Convention, which assembles at the Court House on Wednesday next. We earnestly invoke the friends of Scott and Graham of Home, Labor and Philanthropy, in our City, to come to the gathering this evening, and after completing their Ward business, to rally in masses at the Head Quarters on Wisconsin Street and take counsel together. With such an effort as our good cause and our glorious chief deserve, we can carry this city triumphantly for WINFIELD SCOTT. But we cannot hope for this result unless all take bold and labor together.

Come up then, fellow

Whigs and friends of WINFIELD SCOTT, to the meetings-to-night. Inscribe your names upon the muster-roll of Old Chippewa's Soldiers. Take your stand in the same ranks and under the same banner, which he so often led to victory. Resolved to stand by him, in the contest of the 2d November, as he has stood by you and yours on many a bloody field and in many a doubtful struggle. Devote the coming week to the business of organization and be prepared, ONE AND ALL, on Tuesday, the second day of November, to do whatever in your power to promote the cause of Western Interests, to secure the Protection of American Labor, and to ensure the election of WINFIELD SCOTT!

OUR CONGRESSIONAL DISTRICT.

A close and animated triangular contest is in progress, in the First Congressional District of Wisconsin. All three parties, Whig, Democratic and Free Soil, are in the field and actively at work. The three candidates are equally industrious: Mr. Dixey and Mr. Durand, "The Free Stump," and Mr. Wells, "on the fly." The Free Soilers advocate the re-election of Mr. Durand, the present representative, on the ground that he is a worthy man, and has been faithful to his trust. The bogus "Democracy" support Mr. Wells on the ground that he is a good business man, and a fair exponent of their principles. The Whigs urge the election of Mr. Durand, because he is in favor of Rivers and Harbor Improvements, and of Protection to Home Industry--because he is an excellent business man and sustains an irreproachable character in every relation of life; and because he would make a most useful, efficient and influential Representative in the Congress of the United States.

A flying trip through parts of Racine and Walworth counties, within a few days past, enables us to speak with some confidence of the prospect in that part of the District. Racine will undoubtedly roll up a handsome majority for Mr. Durand over both of his competitors. In Walworth, too, he will beat Mr. Wells considerably and run Mr. Dixey pretty close. In Milwaukee and Waukesha, however, it will fit that they are quick to detect and to resent the infamous trickery of reckless politicians, and that their hearts cannot be turned from the gallant Old Soldier who has served his country so well in War, for forty-five years, by the living inventions and manifold blunders of political desperadoes.

TOUCHE IN THE WIGWAM.--The regular democratic crew had a hard time at the Fifth Ward Canvass on Thursday evening. A resolution was early introduced, declining in terms, that no one should vote who would not go for Pierce and King. It was soon out, after a respectfully sized mass, that the resolution, if carried, would turn the majority out of doors, and it was withdrawn. A good many left the caucus in disgust.

The Wigwam publishes a part of a speech

that was delivered by Mr. Pierce, at a town meeting in New Hampshire, against the Catholic test. It forgets to state that the speech was delivered after four-fifths of the vote had been cast.
